

## Micro Focus Fortify Software v20.2.2

### Patch Release Notes

Document Release Date: February 1, 2021

Software Release Date: February 1, 2021

## Products and/or Components Updated with this Patch

Fortify Software Security Center

**Note:** This patch incorporates the fixes included in the 20.2.1 patch; you do not need to install the previous patch.

### New Features

There are no new features in this patch.

### Fixes

After upgrading from a previous Fortify Software Security Center release to version 20.2.0, some customers received numerous errors when selecting Reports.

Some of the errors produced include:

TypeError: Cannot read property 'length' of undefined

```
Error: [$rootScope:infdig] 10 $digest() iterations reached. Aborting! Watchers fired in the last 5 iterations: [{"msg":"fn: interceptedExpression","newVal":48473,"oldVal":45771},{"msg":"item.message","newVal":"Unexpected error has occurred. Please contact your administrator"}, {"msg":"fn: interceptedExpression","newVal":"Dec 3, 2020 5:17:52 PM"}, {"msg":"fn: interceptedExpression","newVal"
```

```
TypeError: Cannot read property 'length' of undefined"}, {"msg":"item.details","newVal":{}}, {"msg":"item.details","newVal": ".."}, {"msg":"fn: interceptedExpression","newVal":51176,"oldVal":48473}, {"msg":"item.message","newVal":"Unexpected error has occurred. Please contact your administrator"}, {"msg":"fn:
```

```
interceptedExpression", "newVal": "<date/time>"}, {"msg": "fn:
interceptedExpression", "newVal": "
```

This problem is fixed by this patch.

## **Documentation**

Please use the documentation for the 20.2.0 release of this product.

## **Fortify Software Security Center Installation Notes**

To install this patch:

1. Unzip the patch zip file to get to the ssc.war WAR file.
2. Stop the Tomcat Server.
3. Navigate to the /webapps directory.
4. Remove the 20.2 WAR file and replace it with the 20.2.2 WAR file.
5. Start the Tomcat Server.

## **Post-Installation**

Installing this patch places Fortify Software Security Center into maintenance mode. This means that, after you log in, you will need to review and confirm your configuration settings and then restart the Tomcat Server. For information about maintenance mode, see the Fortify Software Security Center User Guide.

## **Support**

If you have questions or comments about using this product, contact Micro Focus Fortify Customer Support.

When contacting Micro Focus Fortify Customer Support, provide the following product information:

Software Version: 20.2.2

Software Release Date: February 1, 2021
